

March 17, 2017

Dear Band Staff:

SFN has a Collaboration Agreement with the Centre for Addictions and Mental Health (CAMH). Our goal is to develop a Community Wellness Strategy for Saugeen based on input from the SFN membership living within a 25 km radius, as well as adult residents of SFN.

As we are all affected in some way by issues with mental health, substance use or violence, your input into the development of this strategy is crucial. We have completed 100% of the interviews, and 75% of the surveys. We hope to complete the research portion of this collaboration by March 31, 2019.

CAMH Research Staff (Ningwakwe George, Tricia Stevens and Cherylyn Kitchikake) have been given the go-head by SFN administration to use a space at the Band Office on Thurs., March 21, to make it easier for you to complete a survey on one of the CAMH laptops. We will be there from 9:00 – 4:30. CAMH researcher, Tina Roote, has a prior commitment that day.

You can arrange a time to do the survey in any of 3 (three) ways:

1. Email me at ningwakwegeorge@gmail.com
2. Private message me on Facebook – my id is Ningwakwe George
3. Text/call me at (519) 375-6791.

Further, I would be happy to answer any questions you may have about the process. If you are not able to make it that day, please contact me to set up an alternate time

On the other side of this page, you will see how your time helping SFN develop a Community Wellness Strategy will be compensated. We look forward to seeing you there.

Gichi Miigwech!

Ningwakwe/E. Priscilla George
Project Coordinator
