

First Nation Food and Farming Workshop

Hosted by: The Indian Agricultural Program of Ontario

Date: Tuesday August 20th

Time: 5:30 pm - 8:00 pm

Location: Aaron Roote Memorial Youth Centre

**** All are welcome to attend this evening of learning and sharing on sustainable farming and food production. A great source of info for those interested in producing food for family, friends or their community ****

Topics include:

Small Flock Poultry

Includes the raising of chicken and turkeys in a sustainable environment both in broiler houses and in portable housing on pasture. Come learn the ins and outs of producing eggs and meat in your own backyard for yourself and the community

Maple Syrup Production: Tips for success

This will include how to identify a potential sugar bush, selecting the best trees for production and sustainability, and how care for a sugar bush year round

Composting

Learn how to make your own fertilizer in your own backyard. This is an excellent source of fertilizer you can produce at home to increase your garden production

About IAPO

Learn about our program, what we offer, and how we can help support you and your local community in agricultural production. IAPO has many ways to support you in turning your backyard hobby into a small business

Please let us know you're coming by Wednesday August 14th, 2019.

**For more information about the meeting, to reserve your spot & dinner contact
