## Saugeen First Nation 5 Year Strategic Plan

---

The Saugeen Chief and Council are currently in process of developing a 5 year strategic plan for Saugeen First Nation for 2022-2026 and want to hear what you have to say. To date we have drafted a survey for community to participate in. Within this survey there has been priorities and activities developed based on initial feedback gained from a community meeting and two staff strategic planning workshops. The purpose of this survey is to receive as much community input as possible into the development of the priorities and activities for our strategic plan. We are working towards providing a number of ways to keep you informed and allow you to access the survey, and they are outlined below.

---

### Virtual Community Meeting

On Wednesday December 16, 2020 we will be hosting a virtual community meeting. During this meeting we will be reviewing the work done to date on the strategic plan, reviewing the priorities identified in the survey and allowing for a question and answer period. This meeting will be done in the same format as our last community meeting, allowing for members to provide input while we speak. We can then compile all the feedback and incorporate it into the strategic plan. To access this meeting, follow this link: <https://ctre.tv/project/saugeen-virtual-meeting-dec-16/>
