

Chippewas of Saugeen First Nation

April 30, 2021

ATTENTION: May 3, 2021, Live Streaming of the Saugeen First Nation Chief & Council Meeting

Greetings to all Saugeen First Nation (SFN) members,

Beginning Monday, May 3, 2021, regular SFN Chief and Council Meetings will be live streamed for SFN membership to view. We will be live streaming via our official Chippewas of Saugeen First Nation Facebook page. Please see the link listed below:

<https://www.facebook.com/ChippewasSFN>

The purpose of live streaming our SFN Council meetings is to allow our community members to view the meetings while they are occurring, providing real time information, as well as allowing members to view later at their convenience.

Furthermore, if a community member is requesting to address SFN Council, they will need to make an appointment with Leona Roote to be put on the agenda. Also, we ask all SFN community members to contact Leona no later than 4 PM on the Thursday prior to the Monday Chief & Council meeting, if you wish to get on the agenda. You can contact Leona at:

Leona.roote@saugeen.org.

Due to the number of items on the agenda, SFN Chief and Council are respectfully asking SFN members (who are on the agenda), to please keep your presentation 10-15 minutes (unless otherwise requested) in length. Once a SFN member has presented, they will be kindly and respectfully asked to leave the meeting, in order that SFN Chief and Council, may carry on processing other items listed on the meeting agenda. Also, for clarification, only those SFN members listed on the agenda will be allowed to speak for 10-15 minutes (unless otherwise requested) when their turn comes on the meeting agenda.

Finally, we welcome all SFN members to participate in the viewing of our SFN Chief & Council live streamed video!

Miigwetch,

Saugeen First Nation Leadership
