May 11, 2021 is Census Day.

SFN member's invitation to complete the Census should be received between May 3, 2021 and May 10, 2021. This year, every household will receive an invitation to complete the Census online.

The following communication is for our Saugeen First Nation (SFN) members to be aware of Statistic Canada's census process taking place in our community from May 3rd – 10th, 2021.

May 11, 2021 is Census Day. That is the day by which everyone should be completing their Census. This year, every household will receive an invitation to complete the Census online.

SFN member's invitation to complete the Census should be received between **May 3, 2021** and **May 10, 2021**.

In our area, Canada Post will be delivering the invitations to some households, while Statistics Canada has hired enumerators to hand deliver the invitations to households where Canada Post was not confident in their ability to deliver based on addressing. As such, **you may see people in Census vests delivering invitations around our community.**

After Census Day (May 11, 2021), Statistics Canada will start to receive information regarding which households had completed the Census online and which households have outstanding surveys.

The second part of the Census operation begins in late May to early June. This is where the **enumerators follow up at the dwellings where the Census was not completed.**

In order to reduce the number of households that require follow up, we ask that you **complete your Census online when it is received.**

We would like to thank in advance any SFN members who choose to participate in this census.

Miigwetch,

Robert Rice
