

Nuclear Waste Management Organization (NWMO)

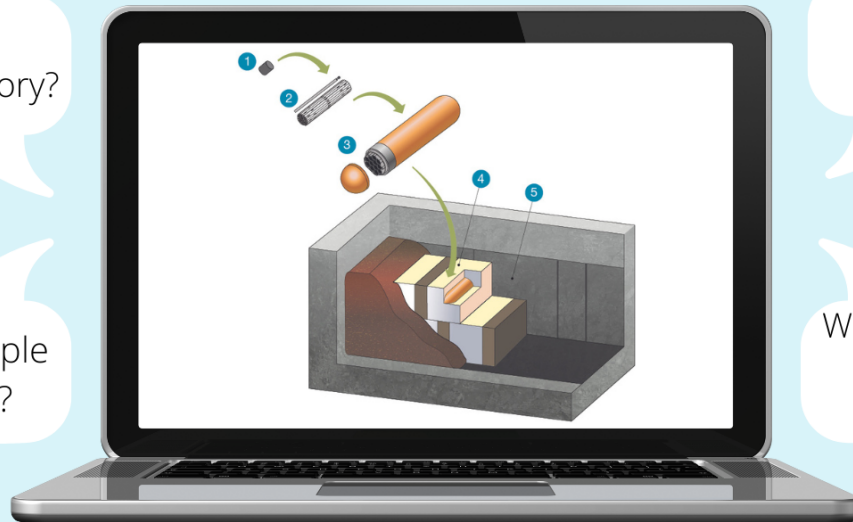

Virtual Home Visits

What is a Deep Geological Repository?

How will you transport used nuclear fuel?

What is the multiple barrier system?

What is the proposed sites proximity to water?

The NWMO is inviting members from Saugeen and Nawash, on reserve or off, to host a Virtual Home Visit.

NWMO will provide a meal, share a short presentation on their proposed Deep Geological Repository project and give you the opportunity to ask questions.

In addition, all groups who host a Virtual Home Visit in 2022 will be entered into a draw for 5 prizes with a value of approximately \$500, to be drawn on Wednesday, December 21st.
