

Aanii, Boozhoo!

Automated Cart Collection Begins November 21

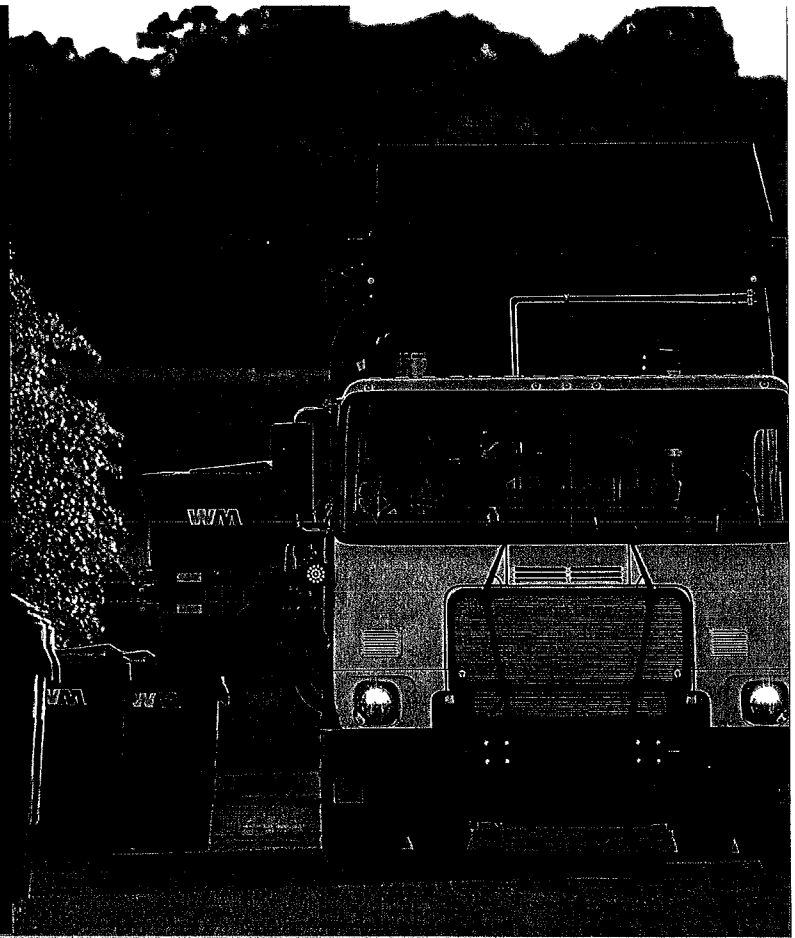

Dear Saugeen First Nations members,

WM will begin using automated trucks for waste and recycling collection on Monday, Nov. 21, 2022. These trucks use automatic lifting arms to empty carts, making collection efficient and safer for your community.

Two 96-gallon carts will be delivered to each residence during the week of November 14-18. Some businesses and larger residential properties will be receiving frontload bins.

With automated collection, all materials must fit inside the carts with the lid firmly closed - no extra bags or materials outside the cart will be collected.

WM is excited to provide Saugeen First Nations members with automated collection.

Important Service Information

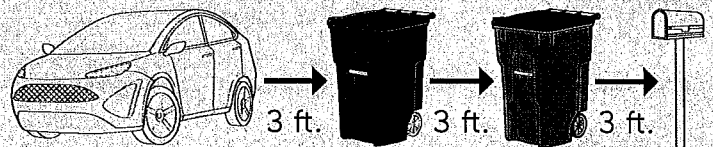

Beginning Nov. 21, 2022, please use your 95-gallon gray cart for waste collection.

Recycling collection is every-other-week starting Nov. 28, 2022, with your 95-gallon blue cart.

We encourage residents to optimize the carts and set out for collection when full. Your waste and recycling will be collected on Mondays.

Proper cart placement for automated collection

Remember to place your carts at least 3 feet apart and 3 feet away from any obstacles (trees, cars, mailboxes, etc.) to allow the automatic arm to lift and empty the carts. Place wheels of cart toward house.

Blue Recycling Cart - Please place your recyclables directly into your blue 95-gallon recycling cart with the lid closed. Don't bag recyclables. Break down cardboard boxes and place them inside the cart. No materials outside the cart will be collected.

Have your carts at the curb the night before or **no later than 7:00 a.m.** on Mondays.

Gray Waste Cart - Please bag all waste and place the bags inside your gray 95-gallon cart with the lid closed. No materials outside the cart will be collected.
