

# Nuclear Waste Management Organization (NWMO)

## Virtual Home Visits

What is a Deep Geological Repository?

What is the multiple barrier system?

How will you transport used nuclear fuel?

What is the proposed sites proximity to water?

The NWMO is inviting off and on reserve members from Saugeen and Nawash to host a Virtual Home Visit.

NWMO will have a meal or a grocery gift card delivered to your home, share a short presentation on their organization and proposed Deep Geological Repository project, then give you the opportunity to ask questions.

In addition, all groups who host a Virtual Home Visit in 2023 will be entered into a bi-monthly draw for 5 prizes, each with a value of \$500.
