NALOXONE TRAINING NOTICE

In consideration of our organizational commitment contributing to capacity-building, there will be Public Health Nurses (PHN's) set-up at the **Governance Building (6 Cameron Dr.)** on **Thursday March 23th, 2023, from 2:00 PM - 6:00 PM** and will be offering:

1. Naloxone and Harm Reduction training to any Council member, staff member, or community member who is interested, **AND**
2. For any department interested in being a designated Naloxone distribution site, the nurses will provide the respective Department Head with more in-depth training as to the process for distributing and reporting Naloxone distribution, **AND**
3. Sexually Transmitted and Blood-Borne Infections (STBBI) Testing

Public Health is offering the training for **all Council members, staff members, and community members on a drop-in basis.**

You do not require any previous experience, knowledge, or education to attend the training.

As part of our organizational commitment to increase capacity-building, all personnel are strongly encouraged to attend the Naloxone training.
